

Midjord Offshore Aps

Dalsagervej 5C

9850 Hirtshals

Denmark.

Letter of Recommendation 30-01-2012.

To whom it may concern.

Midjord Offshore Aps is currently providing the crew boat "EVIVA" for the construction of the Walney2 Offshore Wind Farm. While carrying out the work Midjord Offshore Aps's very qualified personnel have shown great carefulness and a high level of security and service onboard. Furthermore great flexibility and cooperation are shown during execution of the various tasks of offshore personnel transportation. Finally we wish to stress Midjord Offshore's special ability to provide the right vessel - speed - size and of high quality.

In this way we are very satisfied with the work carried out by Midjord Offshore Aps, and without reservation we are happy to convey our best recommendation.

Best regards/Med venlig hilsen

Martin W. Jorgensen
